# HAZARDOUS MATERIALS MANAGEMENT PROGRAM (HMMP)
# &
# HAZARDOUS SUBSTANCEMANAGEMENT SYSTEM (HSMS)

## *ARL & ARE Decision Briefing*

***18 November 1999***

# *LOGISTICS AND ENVIRONMENTAL PARTNERSHIP FOR MANAGEMENT OF HMMP/HSMS PROGRAM*

## PURPOSE:

This meeting is to decide whether to create and development a “partnership” between Logistics and Environmental for management of hazardous materials management program and the hazardous substance management system.

The partnership which has been initiated by MACOM divisions would foster close coordination and cooperation between all involved in implementing this program and would include an Memorandum of Understanding (MOU) establishing the roles and responsibilities of each division.

***LOGISTICS AND ENVIRONMENTAL PARTNERSHIP FOR MANAGEMENT OF HMMP/HSMS PROGRAM***

## BACKGROUND:

The implementation of an overall program for hazardous material management on Army National Guard installations includes two primary functions. These are:

(1) development and implementation of an HMMP; which is defined in  AR710-2 and 200-1

and…

(2) fielding of the HSMS; which is defined in AR 200-1and is the enabling automated tool.

***LOGISTICS AND ENVIRONMENTAL PARTNERSHIP FOR MANAGEMENT OF HMMP/HSMS PROGRAM***

## FUNDING ISSUES

- Possible start-up for the ADBM
- Sustainment costs for ADBM

## FUNDING CONCLUSION:

- Additional costs are at the MACOMs expense & will determined on the course of action
